# INTELLIGENTRISKING, INC.

## INTELLIGENTRISKING, INC.

is a boutique firm that specializes in helping individuals, teams and organizations take the smart, savvy and strategic risks required to stay competitive. Our expertise is in the unique 'emotional intelligence' behind successful risk taking. We offer one-on-one executive coaching and team interventions that support our client's strategic initiatives. Our firm builds internal capability by blending information and inspiration to dramatically increase the probability for success.

## BARBARA STOKER

is the founder and one of the foremost thinkers on the 'emotional intelligence' behind risk taking. She is a former executive for Disney, Mattel, Hallmark and Coors. Barbara has a degree in Industrial Design and her expertise is in new business and product development. She is a technical rock and ice climber, as well as, a paragliding pilot. Barbara is the author of Positive Risk, IntelligentRisking for Women and A Woman with a Minute... She is currently researching and writing her next book, The Possibility Curve, due out in 2009.

*THE POSSIBILITY CURVE is a proprietary process developed by IntelligentRisking, Inc. It is a powerful tool that helps organizations expand opportunities while reducing risk; thereby, improving their Risk/Reward Ratio.*
